SDS VIRTEL NEWSLETTER

April 2025 Edition

Tips for Virtel Administrators

You can add Logmode support to your current CSS customization, thereby reducing the need to duplicate sessions for each logmode type.

With v 4.62, Virtel introduced the ability to connect directly to any TN3270 sever on multiple platforms, such as z/VM, IBM i Series, VSEn, z/VSE and z/OS by IP address.

- **Reveal Feature**: Model Type is displayed when hovering cursor over the Reveal area.

When the Administrator needs to update a field (i.e. transaction), any section in RED can just be overtyped and saved using *P1=Update* there is no need to hit *P12-View/Add* to make the change.
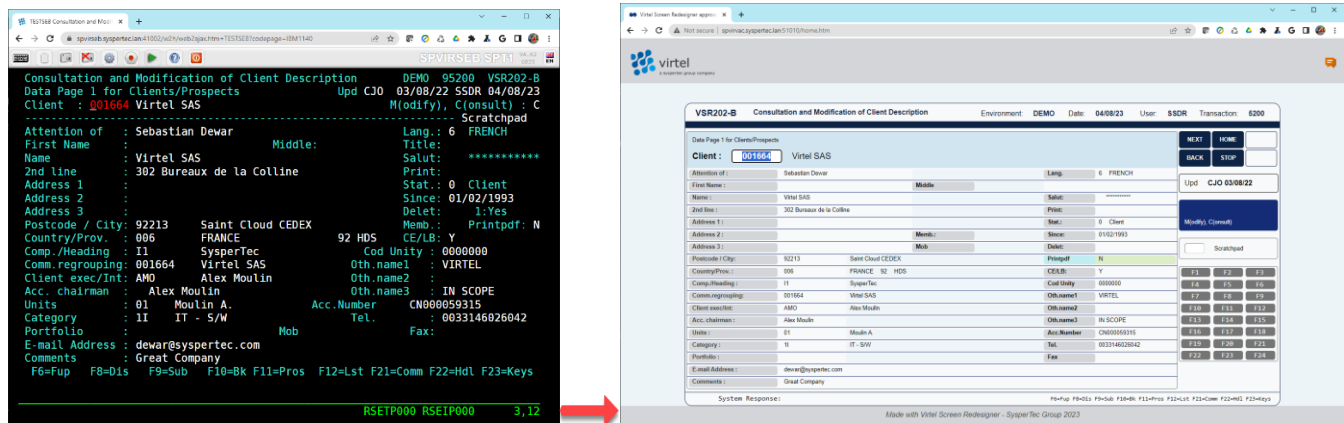

Virtel Screen Redesigner

Virtel team (Syspertec Group) is thrilled to announce the launch of Virtel Screen Redesigner (VSR), our cutting-edge solution for modernizing IBM green screens to customized Web Pages.

Say goodbye to outdated interfaces and hello to a new era of user experience. With Virtel Screen Redesigner, you can effortlessly transform your legacy applications into sleek, modern web standards without any web technology expertise required.

Key features include:
- ☑ Intuitive drag-and-drop interface
- ☑ Seamless integration with IBM mainframes: no external server required
- ☑ Rapid modernization of green screens, no-coding solution
- ☑ No disruption to existing workflows
- ☑ No middle-tier servers or client applets required

VIRTEL continues to offer free, no obligation trials of the complete Virtel Web Suite of mainframe access, UI modernization and application integration technologies, complete with expert technical support during the trial period. Please contact SDS for details.

Virtel Screen Redesigner User Training Videos

Virtel suite solutions (Syspertec Group) also provide basic training videos that the Virtel administrator can share with users: they can be found at: https://ftp-group.syspertec.com/file/d/Training%20Videos/VSR%20Training/

Virtel Online User Training Videos

Virtel (Syspertec Group) also provides basic training videos that the Virtel administrator can share with users: they can be found at: https://ftp-group.syspertec.com/file/d/Training%20Videos/Virtel%20Training/
